**Subject: Concept Notes Evaluation results: LIFE 2020 Call for proposals for LIFE ACTION GRANTS**  
**Ref.: Disseminating information and best practices to reduce the water footprint of drinking water and wine production. - LIFE20 GIE/IT/001395**

Dear Sir or Madam,

Thank you for submitting your application for the LIFE 2020 Call for proposals for LIFE ACTION GRANTS.

Following evaluation on the basis of the award criteria, your Concept Note presented the minimum required quality level. However, I regret to inform you that in light of its place in the overall ranking and the financial resources available under the LIFE 2020 Call for Proposals for Action Grants, I cannot invite you to proceed with the elaboration of a Full Proposal. Please note that the threshold for being invited to submit a Full Proposal was:

- 40 points under the priority area *Environmental Governance and Information*

You will find attached the summary conclusions of the evaluation of your Concept Note including the score you achieved.

Thank you for your interest in our programme. We trust that it will be renewed in future calls for proposals. The next call is planned to be launched approximately in April 2021. Information will be made available on the LIFE website: <http://ec.europa.eu/environment/life/index.htm>

Yours faithfully,

Angelo SALSI
